Mobile Security Trailers

Keep Your Assets Safe with Surveillance Trailers for Your Business

ProTech Security - Safer, Smarter Communities

Surveillance is the core of ProTech Security, giving them an unmatched understanding of the benefits and applications of various surveillance options. We strive to provide our clients with high-quality mobile security trailers for their construction sites, parking lots, public events, or other locations that require monitoring.

Mobile Security Trailer Items

When you lease a surveillance trailer from ProTech Security, it comes with many beneficial features that will improve your security measures without any hassle. Each of our trailers comes with these standard items:

- Deployment and retrieval
- Remote live viewing
- Advanced solar power
- Red/Blue strobe light and sound
- Advanced video analytics
- 24/7 recording
- Custom camera configuration for each application
- Cellular network
- Mobile app viewing

Enhanced Monitoring for Mobile Security Trailers

If you are concerned about managing your security trailer or if you want to leave that up to the experts, ProTech Security can take care of it for you. Our team will add additional features to your surveillance trailers for enhanced monitoring and easy usage. Some of these features include:

- Management of system
- Video hosting
- Sitewatch video monitoring
- Police dispatch
- Advanced AI-drive video
- Analytics by Motorola
- Talk down speaker
- Just Fix It service plan
- B-Link Indy integration
- License plate recognition
- Backup generator and fueling

Who Can Benefit From Mobile Security Trailers?

Construction

Construction sites can easily fall victim to vandalism and property damage when left unattended. By implementing mobile security trailers on your construction site, you can increase security, protect your employees, and decrease vandalism.

Public Events

Keeping public events safe can be difficult. Luckily, with mobile security trailers, you will be able to actively monitor the areas, flag any suspicious behavior, and increase the safety of parking lots.
